

POSITIONING AND IMMOBILISATION FOR RADIOTHERAPY

WORKING SCHEDULE

Session Type	Session Title	Save the dates 2021	Teachers
Teleconference	Introduction to the course (LM) + Foundation principles of positioning and immobilisation (MC&LM)	Tuesday 14th Sept 2021 at 9:00 CET	LM/MC
New online content	Impact of positioning and immobilisation on treatment planning (ML)	Tuesday 14th Sept 2021	
	Impact of positioning errors on margins (TP)		
	Risk in relation to positioning and immobilisation (LSF)		
Teleconference	Webinar on two clinically challenging cases	Tuesday 5th Oct 2021 at 9:00 CET	ML/LM/LSF
New online content	Impact of positioning and immobilisation on treatment verification-clinician and RTT perspective (LB/SWMM)	Tuesday 5th Oct 2021	
	Impact of positioning and immobilisation on clinical outcome (LM)		
	Positioning and immobilisation consideration for MR linacs (LB)		
Teleconference	Webinar on a clinical challenging stereotactic case	Monday 25th Oct 2021 at 9:30 CET	LB/SWMM/SP/LM
Practical weekend	Face-to-face teaching in Tallinn	Sat 6th and Sun 7th Nov	LM/MC/SP

Course director

LM Laura Mullaney, *Radiation Therapist, Trinity College, Dublin (IE)*

Teachers

MC Mary Coffey, *Radiation Therapist, Trinity College, Dublin (IE)*

ML Michelle Leech, *Radiation Therapist, Trinity College, Dublin (IE)*

LB Luca Boldrini, *Radiation Oncologist, Università Cattolica del Sacro Cuore, Rome (IT)*

LSF Lotte S. Fog, *Medical Physicist, The Peter MacCallum Cancer Centre, Melbourne (AU)*

SP Sophie Perryck, *Radiation Therapist, University Hospital Zurich, Zurich (CH)*

SWMM Sharon Wong Mei Mei (SWMM), *Radiation Therapist, National Cancer Centre Singapore, Singapore (SG)*

Guest Online Lecturer

TP Todd Pawlicki, *Medical Physicist, University of California, San Diego (USA)*
